

Cleanroom Technology Network Group Invitation

October 7th 2010, 10:30am – 15:30pm - Hodson Bay Hotel, Athlone

Purpose of the Network

This idea behind the network is to create an informal forum where people working within cleanroom environments from the Pharmaceutical, Medical Device and Electronic industries as well as Hospital personnel, can come together to discuss topics and areas of similar interest, share experiences and generally learn from each other to create a support network that will benefit all, in these challenging times.

Information Sharing ● Problem Solving ● Learning Opportunities

Topics for discussion:

- **Compressed Air Testing and Requirements**
By Cleanzone Technology and Complete Lab Solutions
- **Round Table Discussion item**
- **The importance of training personnel entering cleanrooms**
By Dr Kevina O'Donoghue, SSE
- **Round Table Discussion item**
