

Cleanroom Technology Network Group Invitation

Thursday 22nd Sept 2011. - Hodson Bay Hotel, Athlone

Purpose of the Network

This idea behind the network is to create an informal forum where people working within cleanroom environments from the Pharmaceutical, Medical Device and Electronic industries as well as Hospital personnel, can come together to discuss topics and areas of similar interest, share experiences and generally learn from each other to create a support network that will benefit all, in these challenging times.

Information Sharing ○ Problem Solving ○ Learning Opportunities

Topics for discussion:

10:30 – 11:30 Applications for Cleanroom Decontamination using HPV - a faster, more secure alternative to labour intensive manual cleaning methods.

Alan Duggan – Bioquell

11:30 – 11:50 **Round Table Discussion**

11:50 – 12:30 Application of limited life clothing in Cleanroom Environments

Martin Lill - Lakeland & Douglas Guilfoyle – Anderco

12:30 – 13:30 **Lunch**

13:30 – 14:15 Cleanroom wiper characteristics and product selection for contamination control

Michael Keating – Metron Nanotechnology

14:15 – 15:00 **Round Table Discussion**
